VOLUME 1

(For current Prices see inside pages)

NUMBER 17

"PINE TREE" GENUINE GRIMM ALFALFA *Field Inspected, Certified and Sealed by Idaho State Authorities*

1 Inspecting a 200 acre Idaho field of Genuine Grimm Alfalfa in full bloom. Part of the enormous acreage under contract to Dickinson for many years.

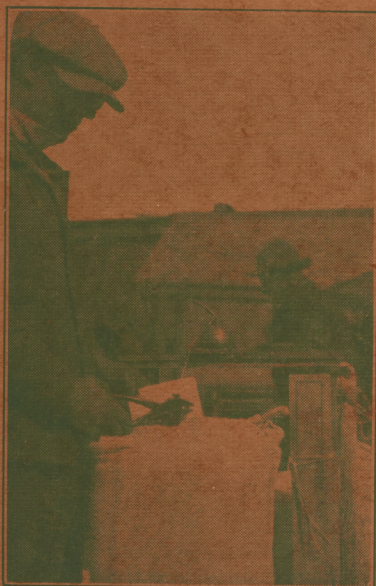

2 Cutting the ripened crop with "windrower" attachment which rolls the hay to one side, thus preventing trampling out the valuable seed.

3 Bringing the crop in on "floats" to the huller which hulls out 100 to 125 bags of seed per day. Fields are kept free from weeds by constant inspection.

4 Taking the seed from the huller. Separator man, Feeder, Inspector and Bag Sewer. Every operation watched and checked by an expert.

Protecting You and Your Customers

5

Deputy of Idaho State Seed Commissioner putting State Seal on bags as they come from the huller. The State makes a complete record of number and history of every bag sealed.

6

State Deputy re-sealing bags in a Dickinson plant after the seed has been put through the "Pine Tree" re-cleaning process, ensuring your getting *genuine* Grimm of the highest quality.
